Home is Where Life Happens...

Call or text Molly today (785 462-5203) to make an appointment to view this newly listed home. This is a home that is certain to impress you the minute you walk into the front door. The light, airy feel of the choice of wall treatments and the great natural lighting, gives this home the feel of "a breath of spring air".

This is a great family home, that is designed to give you style and comfort. The great-room concept is perfect for keeping the family together. The new kitchen opens direct into the family/living area. This allows this area to be the "hub" of the home.

Sweet dreams will occur in the master bedroom. This is a wonderful, spacious room, which will give you plenty of space to have your own sitting area. This is a master bedroom, which will become your very own retreat.

There are three additional bedrooms. If you don't need all three bedrooms, you can have a home office/computer center or the craft/hobby room you have always desired.

The pristine white kitchen with tones of gray and polished nickel is a kitchen you will love meal preparation in. The dining room is right off the kitchen and it has a full wall of south windows to bring lots of sunshine into the room. There is also a newly added pantry closet in this room.

The corner lot is located in a very well-established location. There are yard sprinklers and established landscaping. This is a great family home or a perfect retirement home. Call or text Molly today to make your appointment to view, fall in love, and found your "new home".
