Newer Built Home Being Offered For Sale

Call or text Molly today at 785 462-5203 to make your appointment to view this newly listed home built in 2018. This home offers quality craftsmanship and you will fall in love with the floor plan and the features this home has to offer.

The typical home in our local market, doesn't offer the features that are outstanding and standard to these new built homes in Davis Addition. The home is handicap accessible, has main floor laundry, four fire escape windows in basement and a finished, oversized two car garage with insulation and two doors.

The entry foyer is spacious and leads you into the attractive open floor plan this home offers. Great natural lighting drifts into all the rooms of this home with such wonderful window placement and size. The main floor laundry is right off the kitchen and easy access to the garage... allowing the dirty shoes to stay out of main living area.

This fully equipped, galley style kitchen offers stainless steel appliances. There is an eating bar which will be great to sit and grab your morning cup of coffee.

The master bedroom is wonderful. There is plenty of floor space to have a reading nook area and you will love the large closets. The master bath is fantastic with double vanity sinks and plenty of space. You won't feel crowded, in fact you will feel like you are visiting a spa ... right in your own home.

Don't delay contacting Molly so you can be one of the first to view this newly listed home. 785 462-5203
