There Are Many Words To Describe This Home...Let's Start With Charming

You won't want to miss viewing this incredible newly listed home. There is no doubt you will fall in love and appreciate all the many improvements the Seller has made to this home.

This is a great starter home or perfect for retirement. One level home, that is pristine and ready to be moved into. The detached oversized garage will certainly capture your attention and is a rare find in any market.

When you walk into the front door you will easily be able to see yourself "at home". This is a home that will embrace you and make you feel comfortable. The use of soft neutral colors and textures makes it a home to easily place your own furniture and your own decorative style.

The quaint dining area under the corner windows in the kitchen will be the perfect spot for morning coffee or afternoon tea. The natural sunlight will come into the area and make the kitchen an appealing place to be.

This is a home that will certainly not last long in this current market. So, don't delay, call or text Molly today (785 462-5203) for your private viewing. Sometimes the right home comes along, and you have to be ready.
